\$10 REWARD.

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

Entered at the Postoffice in Tonopah as second class matter.

No advertising cuts, one inch square or smaller, will be accepted unless made of metal. No wood base cuts of this size will be used. Wood cuts are dangerous to forms and press.

TO BONANZA SUBSCRIBERS.

In accordance with conditions, and acting on a retrenchment policy, the Bonanza will cease to be a morning paper after today, for tomorrow it will start in the afternoon field. Only those familiar with newspaper work realize the additional expense incurred in publishing a morning paper, when compared to an afternoon publication. And, as everybody knows, we need the money, that can be saved by the change, to pay for our daily ham and eggs.

The hour of going to press in the afternoon will be 4 o'clock, so that our subscribers can have the paper before retiring. However, should we be late the first day or two, we kindly ask your pardon in advance, for we will have to become used to the change before conditions start running smoothly.

FARGO AGENT AT MANHATTAN MAY LOSE EYESIGHT

MISS EUGENIA SHELBY SUFFERS PAINFUL ACCIDENT YESTERDAY.

By mistaking a bottle of carbolic acid for a bottle of alcohol Miss Eugenia Shelby, Wells-Fargo agent at Manhattan, may lose the sight of one of her eyes. A rash had broken out on the side of her face and she had been using alcohol for the eruption. Yesterday she picked up the wrong phial by mistake and, pouring the acid in her hand, started to bathe her face. A small portion of the acid ran into her eye, and the physician summoned stated that he feared she would lose the injured optic. In addition Miss Shelby suffered quite a burn on her face where the acid came in contact with the skin.

Miss Shelby has been the Wells-Fargo agent at Manhattan for two years, and is a daughter of Eugene Shelby, superintendent of the western division of Wells-Fargo.

NEW BELMONT SHAFT COMPLETED TO SURFACE

SHAFT IS NOW A THREE-COMPARTMENT AFFAIR TO THE 1100-FOOT LEVEL.

A few months of hard and steady work, the last round of shots in the widening out of the Belmont shaft was blasted several days ago and the shaft, including the timber work, is now completed giving the company a fine three-compartment shaft down to the 1100-foot level. A temporary hoist is now being installed, to be used for placing the guides and putting the shaft in perfect condition, so that it will be ready for use as soon as the head-frame has been completed and the new hoist installed, which should not be later than the 10th of next month, but owing to some delay in shipping the motors from the factory, operations through the new shaft may be delayed for a week or two longer. The head-frame, which is 85 feet perpendicular in height and is the largest in this portion of the state, is already in place and is now being riveted. The new ore bins have been completed and are being covered with corrugated iron and the powerful compressor installed, so that everything is being put in condition for immediate use of the Belmont shaft.

BUFFALO BILL WILL SOON VISIT THE BUTLER

GOOD FEATURE FILMS HAVE BEEN SECURED FOR TODAY'S PERFORMANCE.

The program of the Butler theater tomorrow is one that is about equally divided with comedy and drama. "The Attack on the Mill" is a drama adapted from a story by Emilie Zola and represents an episode of the Franco-Prussian war. The scenery is very beautiful throughout and the situations are exceptionally dramatic. "Mrs. Bargainday's Baby" is a funny mix-up over a baby. Quite the best features of the picture are the foolish looks of the young men who receive the baby in turn, and contrive in some way to pass it along. Then follows the frantic endeavors of the mother to find the missing youngster, as one after another join in the chase and it becomes a vigorous route. "The Troubles of a Flirt" tells in a graphic manner the difficulties and trouble into which a flirt may be plunged. It is lively and humorous throughout and will be enjoyed by everybody. "Jewish Types in Russia" is an educational film which conveys valuable information and is very pleasing in the extreme. Next Tuesday the management has made arrangements to produce a true picture of ranch and cowboy life in the West. It was especially posed for by Buffalo Bill and his famous troupe, and is entitled "Ranch Life in the Southwest." It will be well worth witnessing.

NEAT SUM DISTRIBUTED BY MINES YESTERDAY

As a result of payday yesterday when the various mines and mills of this camp distributed a sum, aggregating about \$250,000, the city appeared quite lively last evening and during the afternoon. Several fights were reported but none of the participants sustained injuries that will keep them from showing up for work this morning.

MANY PEOPLE OUT TO HEAR BAND CONCERT

The usual Saturday night concert by the Tonopah Military band was enjoyed by a large crowd last evening, which congregated at the intersection of Brougher avenue and Main street. These concerts, which were inaugurated about six weeks ago, have always served to draw a large crowd on Saturday evenings, and are an event that is always looked forward to by the music loving residents of this city.

\$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc. Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the aching, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, 11296 Lack Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has a great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

SIERRA MADRE CLUB GREETING MINING MEN

The Sierra Madre club of Los Angeles has just issued a very handsome booklet as a greeting to visitors to the thirteenth annual convention of the American Mining congress in Los Angeles, September 26 to October 1, in which is described the many attractions, scenic, climatic, architectural and otherwise, that abound in the sunny California southland on the coast of the mighty Pacific. The booklet is profusely illustrated and artistically printed, and will make a fitting souvenir of the great gathering of mining men in that city. Like all other things the Sierra Madre club undertakes, there is "class" and "life" to its souvenir publication.

Besides the hundreds of mining men who will attend the congress, fourteen western governors are expected to be present. This is the result of a conference of western governors at Salt Lake August 18 and 19, where it was voted to reconvene at Los Angeles during the Mining congress. "Governors' day" has been set for September 27, during which the governors will meet the mining, coal and oil men in an effort to harmonize diverging ideas concerning correct conservation laws and similar subjects of mutual interest to all persons and sections of the North American continent concerned in the healthy increased development of the metal, oil and coal industries.

DR. GEORGE P. DEVINE LOSES WIFE BY DEATH

Mrs. George P. DeVine, wife of Dr. DeVine of Goldfield, died at St. Anthony's hospital at St. Louis, Mo., on September 6th, according to advices received here yesterday. The many friends of the couple residing in Tonopah had been apprised of the illness of Mrs. DeVine, but encouraging reports of the operation, which she underwent, had been received and she was believed to be on the road to recovery. The remains were taken to Grand Junction, Colorado, for interment, that being the home of her mother. Mrs. DeVine is survived by her husband and three grown children.
